APPLICANT CONSENT

This section must be completed and signed by the applicant.

I, wish to enrol in a Healthy Weight For Life Program.

I consent to my name and member number being shared with my health fund to ascertain policy eligibility for the program. I understand that aggregated and deidentified reports of changes to BMI, health status and satisfaction scores may be shared with my health fund (or their authorised agency) for the purposes of assessing and reporting on the effectiveness of the program. I also consent to my referring doctor receiving status reports on my progress as required.

In my opinion it is medically appropriate and safe for this patient to actively lose weight and engage in low intensity physical activity eg. walking, swimming or cycling.

Phased use of meal replacement Some of the Healthy Weight For Life programs include the phased use of KicStart VLCD meal replacements. When included the most intensive phase is 6 weeks utilising a maximum of 2 meals replaced per day. Please indicate if the use of meal replacement is NOT medically suitable for your patient.
