

Level Two Exercises - Tracking Log

Repeat each set of exercises 3 times per week, marking off each time you do the exercise.

If you have any difficulty understanding or doing any of the suggested exercises, please consult your local physiotherapist with an interest in musculoskeletal conditions. If you are having difficulty with a particular exercise in Level Two, go back to the easier exercise with the same aim from Level One until you can build up your strength a bit more, then progress to the more challenging exercise. If you can comfortably complete the Level Two exercises and repetitions, move on to the Level Three exercises.
